

COVID-19 PREVENTION & CONTROL MEASURES

OCTOBER 2021

# INTRODUCTION

Dear Team members, partners and guests,

We are glad we made it to the final round of the season in these uncertainty times.

Our team has been working together with all the Authorities, the UCI and National Federations, to ensure the safety of every participants, staff members and guests.

This document summarises the general guidelines and protocol to minimise Covid-19 spread risk. Those measures take into consideration UCI risk assessment and preventive measures recommendation, local health authorities recommendations as well as WHO recommendations.

WES organisation objective is to ensure health care and safety during the event.

Enjoy your race!

The full protocol is available at this link: [www.worldebikeseries.com](http://www.worldebikeseries.com)

## Before the Event

- The event has restricted areas (Paddock, Race Start/Finish Area).
- The access to these areas will be regulated by a pass system.
- Athletes and Staff will be able to collect their pass at the WES Sport Office from 9:00 am on Friday.
- To **retrieve your pass**, you are required to have: a vaccination certificate, a recovery certificate, a negative Antigen/PCR test no older than 48h, or the Eu Digital Covid Certificate.

### If you are traveling from abroad:

- To enter the country, you are required to have: a vaccination certificate, a recovery certificate, a negative Antigen/PCR test no older than 48h, or the Eu Digital Covid Certificate. If you're travelling by airplane, please check the requirements on your airline website: a passenger form is to be filled in to obtain a QR Code required by the Spanish Government.
- It is recommended to visit the Spanish Travel Health authority website for more info: [www.spth.gob.es](http://www.spth.gob.es)

## During the Event

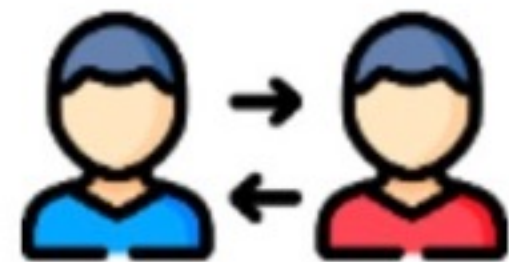

- Always wear a surgical mask or fabric mask (filtration >90%).
- Remember to maintain a safety distance of 1,5 m.
- Use hydro alcoholic gel and wash your hands frequently.
- If you feel any symptoms immediately report to the race doctor or a WES representative.

## PREVENTION MEASURES AGAINST COVID-19

If you have symptoms,  
stay at home or place of  
accommodation and  
isolate yourself in your  
room

Keep 1.5 meters of  
distance between  
people

Wash your hands  
frequently and  
thoroughly

Avoid touching eyes,  
nose and mouth

Cover mouth and  
nose with bent elbow  
when coughing or  
sneezing

Use disposable  
tissues
